Reality Check Training Dates

Feb 28, March 28, April 11, May 2, May 30

# CITY ON A HILL

## A PLACE OF TRANSFORMATION

Located in the heart of Milwaukee - America's 5th poorest city, where nearly 68,000 children are living in poverty - City on a Hill's vision is to break the cycle of generational poverty and bring transformation to central city neighborhoods. Through a collaborative and Christ-centered model of service, we are working to restore hope, reduce poverty, strengthen families and foster social justice.

Our goal is that participants will grow in their relationship with Christ, have a better understanding of God's heart for the poor and oppressed, and come away with ideas of how they can impact their community when they return home.
