

Woodlands Church Senior Pastor Search and Discovery Team

Guiding Principles

God gifts His church, and we will model the **humility** of accepting whom He has selected, and a posture of **submitting** to the Spirit (Ephesians 4:11-12).

The Team has been commissioned by the Elders to **discover the man** God has selected for Woodlands Church (Proverbs 25:2).

Our Team will ... lay the **groundwork** for the new Pastor and our church to **thrive** in the future.

We will **engage people** in wide circles of **influence** to build **support** and **momentum** for the future (incorporating transparency, accessibility, and disciple-making).

We will work to protect the **privacy & credibility** of our candidates through confidentiality.

We will work toward having **every candidate** come out of this process **built up** and more confident in their strengths and God's calling.
